Written Biography

Bill Weber is a Principal Security Strategist for eSentire, a leading provider of Security Services. As a professional with nearly 30 years of experience in Information Technology and Security, Mr. Weber has served Healthcare, Financial and Government customers for industry cornerstone companies like Microsoft, Electronic Data Systems, Hewlett-Packard and now eSentire. Mr. Weber holds degrees in Computer Information Systems, Masters of Science in Information Technology specializing in Security, and a Masters of Business Administration. He has achieved certifications from Microsoft MCSE and MCITP, ISACA CISM and CRISC and (ISC)² CISSP as well as US DoD Top Secret Clearance from 2002 to 2016. Mr. Weber is a frequent speaker on cyber security and crypto economics and is researching how these technologies shape this emerging financial technology market. In his role as principal security strategist at eSentire, Mr. Weber works with clients to understand and translate cyber security risk into actionable business strategy.

Speakers Biography

Bill Weber is a Principal Security Strategist for eSentire, a leading provider of Security Services. For almost 30 years, Bill has worked for cornerstone companies like Microsoft, Electronic Data Systems, Hewlett-Packard, and now eSentire.

In his role, Bill works with clients as their Virtual Chief Information Security Officer to understand and mitigate security risks to their business. Strategically, Bill focuses on how the market changes over time and what opportunities develop from that. His current research focuses on emerging internet technologies and crypto economics, like block chain.

Bill has been a crypto currency miner since 2015 and active in the crypto community. He frequently speaks on this and other security topics. Please welcome Bill Weber.
